

## **Admiral Turner Cleans House**

The tablets tell us Hammurabi  
Hired many spies;  
The prudent Ozymandias found  
Double-dealing wise.  
The British like to poke around, while  
Frenchmen love to peek.  
(Italian spies prefer to feel un-  
Til you holler, Eeek!)  
The Soviets are famous for their  
Burly KGB.  
But in the land of Nathan Hale, our  
Agents get the knee.
